

Oklahoma Gas & Electric
COVID-19 Update Letter #3
(Revised as of 4-9-2020)

Dear Supplier:

As you know, COVID-19 is considered to be a direct threat to health and safety within both the workplace and the community. During these unusual times, OG&E remains focused on the health and well-being of its members, suppliers, and customers and is taking precautionary steps to help minimize the spread of COVID-19. As part of those efforts, it is OG&E's intent to provide its suppliers with accurate and timely information about OG&E's response to COVID-19.

Previously, OG&E's primary means of communicating COVID-19 information to its suppliers has been by sending letters like this Update Letter #3. Going forward, in order to quickly communicate updated and late-breaking information, OG&E will post COVID-19 updates and other relevant information to a company website that is accessible to all suppliers. This website may be found at:

<https://www.ogenergy.com/contractor-covid-19-guidelines/>

Also located on the referenced website are links to other helpful resources.

Should you need additional information or have any other questions or concerns, please contact your OG&E point of contact for assistance or send an email to supplier@oge.com.
